OK thanks.

•■■■■■■■■ NBSA CSM: You can download the revised CSM at the link below. Tierra submitted it on July 19. I am doing a back-check of the comments and plan to send them comments by the end of this week.

•■■■■■■■■ Tierra submitted the attached risk assessment recon survey workplan on July 31, Partner Agencies will send me comments by July 23, it's pretty straight forward so I don't expect a lot of comments

To Rooni - they can distribute to others in CPG.

Can you get TMO to pay their CWCM bills?

Where do the NBSA CSM and NBSA Biota Sampling QAPPs stand?

Welcome back...

Rob,

Tierra has mailed the 2012-2013 Newark Bay Study Area Bathymetry Report and additional data. They also mailed a hard drive with detailed data.

Q: 1) who should I send the report/data files to? Rooni?

2) Do you want a copy of the hard drive?

Thanks.
